

DR. BRONNER'S LOGO GUIDELINES

In 2014, Dr. Bronner's added 13 stars to our corporate logo in reference to the cosmos, which inspired Dr. Emanuel Bronner's ALL-ONE vision, and continues to inspire the company. The stars acknowledge that all our work happens within a larger cosmological context.

The smaller stars can be seen as representing the 12 constellations of the zodiac or the 12 tribes. The brightest star represents our sun or the Eternal father.

Together the stars add up to 13, a number with mystical meaning in Judaism as well as other religious traditions. The placement of the stars uses a pattern from Metatron's cube, an ancient geometric figure which uses 13 circles to create all the platonic solids, and which represents completeness, perfection and wholeness.

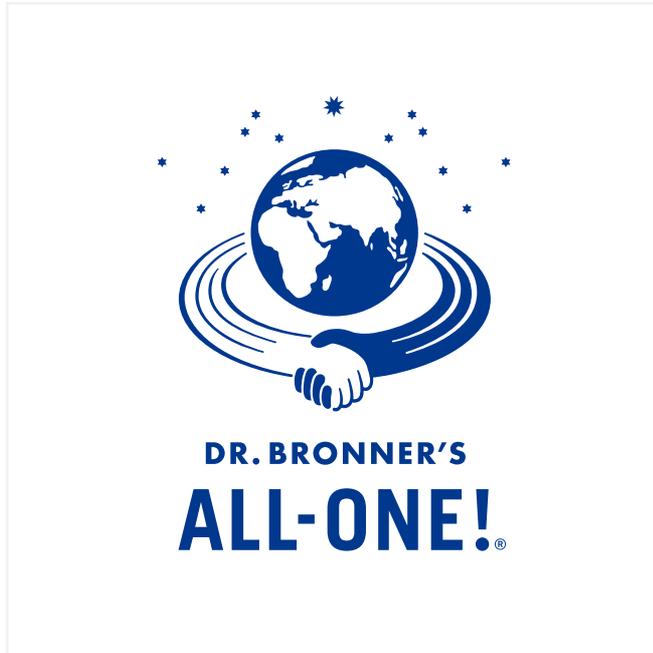

DR. BRONNER'S CORPORATE LOGO

This is the official Dr. Bronner's logo. We have a few versions of it for you to use, depending on the circumstances.

DR. BRONNER'S
ALL-ONE!®

FOR LIGHT AND DARK BACKGROUNDS

LIGHT BACKGROUND

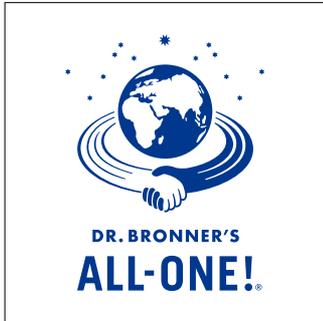

The light background version can be black or preferably, our corporate color, Peppermint blue, PMS 2146.

DARK BACKGROUND

One way to be sure you're using the correct version: **the white arm is always on the left side!**
